

## Your Team at Home

Much attention is given to the teams you manage and lead at work. At this senior stage in your career, the pressures of work and home often compete and work life balance programs have limited impact.

What about your team at home?

The mission of Your Team at Home is to provide executives and significant others with an experience that helps them discover their own harmony between work life and family life.

Your Team at Home shines the light on dialoguing for increased understanding, appreciation of shared values and strengths, and the creation of joint commitments with the significant other in your life.

Specifically, this 2.5-day experience, limited to only 6 couples at each offering, explores:

- Effective dialoguing
- Building empathic skills
- Understanding personality, behavior, and styles
- Appreciating differences
- Developing shared values
- Developing your joint view of work life balance
- Setting commitments for your future together

This retreat is ideal for couples in committed relationships who would like to proactively nourish the foundation of their partnership.

Our next offering is planned for March of 2016 in southwest Michigan and we hope to see you there. Please contact us if you have any questions and would like to hear more.
